

Client Aftercare Instructions

IPL for Acne Treatment

Hinchinbrook Regenerate is able to offer an acne management program for clients. Results will vary, but most people will see significant improvements in their skin condition, especially if they combine treatment with appropriate acne skin products.

Treatment Plan

- This course of treatments will usually be 4-6 treatments 1-2 weeks apart.

What to Expect

- Some redness may be present and could last for a day or so.

Care of the Treated Area

- Apply a cold pack if needed 1-2 hours after treatment to relieve swelling or sensation.
- Apply soothing/healing products as prescribed.

Precautions

- Do not scratch or pick the area.
- Do not have a hot shower (tepid only) during the first 24 hours post treatment.
- Wear a 30+ sun block on sun exposed areas.
- Do not do a heavy, sweaty workout in the first 24 hours post treatment.
